

## Primate Essays

As part of this class you will be reading papers on electronic reserve and writing short essays based on your reading.

Go to Blackboard and select our class. Click on “Assignments” and upload your essay into the appropriate file. You must also give me a printed copy in class.

Your assignment is to read the assigned article and write a three-page essay that summarizes and analyzes the article. I am looking for thoughtful, well-written analyses.

Include your own thoughts and reactions. Draw an analogy to your own experience or something you have learned in this class or any other.

I think you will find that there is much about non-human primates that will remind you of humans.

*Essays should be typed in Times 12-point font, double-spaced with one-inch margins and are due on the dates shown on the syllabus.*
