

## *Peoples and Cultures of Europe*

### **Group Presentations**

Your group will have the entire class period to make its presentation. The minimum presentation must be 1 hour long, which may include 10 minutes of video. I will help you find sources, but don't delay until the last minute!

**The only requirement for topics is that they that will be of great interest to your fellow classmates. I have ideas, so talk to me if you are having trouble.**

You may use power point and video clips to assist you in presenting the information you have gathered to your classmates. Additional materials will greatly enhance your presentation.

**POWER POINTS: The smart technology in the classroom is PC compatible. I have a Mac PowerBook, so if you use Mac, just let me know and I'll bring mine to class.**

**Music:** Check the library. SU owns recordings of European music. You may want to select cuts and transfer them to a tape. Our department tape player has disappeared, but you can check one out from the library.

**Video:** SU owns some films about Europe. Video makes a great addition to a presentation.
