1. The Library is sponsoring several **workshops** on October 11, 2006 – the day after fall break. Workshops will be held in LL 120. Call Doug Cook [x 3312] or Aaron Dobbs [x1018] to sign up.

   - **CSA Illumina [Criminal Justice Abstracts] Workshop – 10:00-11:00.** This workshop will introduce you to searching with Illumina. Criminal Justice Abstracts is the primary database at SU which uses this interface.

   - **RefWorks Workshop – 1:00-2:00.** RefWorks is a Web-based bibliography and database manager that allows you to create your own personal database by importing references from text files or online databases. We have received a Tech Fee grant which will be providing access to this program for all students and faculty.

2. **Article Linker** is a new service which provides links from databases (such as Academic Search Premier) to the full-text of articles in other databases, or in the Library’s print and microform collections. Currently it is available in EBSCOHost databases, but look for its appearance in other products over the next few weeks.

3. On October 18th at 3:30 p.m. in LL 120A, **Nanette Hatzes**, Director of the Learning Center, will be discussing her **trip to Burundi** last summer where she was working on a literacy project. She would particularly like to meet with faculty who are interested in having their students communicate with Burundian students via email. Also, her photographs from the trip are on display in the Library Booknet Café.

4. The Women’s Center will be sponsoring a display in the Library called “**Visions of Violence**” on loan from Women in Need. A tulip planting ceremony on campus, commemorating **Domestic Violence Awareness Month** will be held on October 24, 3:00-5:00 pm. Call Kara Harvey [x 3292] for information.

5. **HELP!** - You and your students can get help from the Library Information Desk in several ways. Phone us at x1474. Click the “Ask Us Anything” button on the library home page to send us an email question or to chat with us online (Ship Library) with AOL Instant Messenger.

6. The Library will be asking you and your students to assess our services with **LibQual**. LibQual is a nationally recognized survey instrument which will help us to identify our strengths and weaknesses and compare our results to similar libraries.

Let us know if you have questions.
Doug Cook (for all the Library folks) x3312
